Many studies have shown that students with involved parents are more likely to earn higher grades and test scores, pass their classes, attend school regularly, show improved behavior and graduate.

Monarch Academy is excited to work with all of our families. We look forward to increasing our family involvement this year and hope that you will all take advantage of the wonderful opportunities we have for you to be involved in your child's education. All families are expected to earn a minimum of 20 Family Service Credits this school year.
