Monarch Global Academy

The Basics!

My Name is Ms. Renee May, LCSW-C! I am the school social worker and clinician of Monarch Global Academy. Employed by The Children's Guild, I provide individual and family therapy, school support and services to all children, and classroom social skills lessons in grades K-5. This will be my 3rd year here at MGA. I have been in the field in various positions, mainly working with children in different settings, but have experience working with all ages. I have two children, three cats and one dog and love working with all of you, especially using art, as I am also a licensed certified professional art therapist, or LCPAT. I can utilize art to help others work through emotional times and situations.
