

MEET THE STAFF!

The Basics!

My Name is Mr. Timothy Gulley. I will be teaching second grade this year at Monarch Global Academy. This will be my 3rd year teaching at MGA! I currently live in Baltimore and love every minute of it! I am very excited for this upcoming school year and can't wait to start!

My Childhood!

I grew up in York, Pennsylvania and am a HUGE Pittsburgh Penguins fan! I have nephew named Zeke and a niece on the way! I believe I was destined to become a teacher because everyone in my family is teacher or administrator.

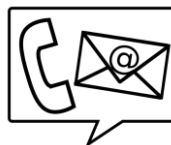

My Education!

I attended Kutztown University and attained a Bachelors Degree in Early Childhood Education. After graduating college, I taught for four months in a remote village located in Alaska. The school's population there was only 30 students. I take much pride in MGA mainly because this is where I have started my official teaching career and can't wait to continue!
