## The Basics!

My Name is Mrs. Kerri Rogers! I am the Math Instructional Guide at MGA for the second year, after spending 14 years in the middle school classroom, teaching 6<sup>th</sup> grade and 8<sup>th</sup> grade, at Crofton Middle School. I am married to a wonderful man, Justin, and will be putting the finishing touches on our family in October, when we will welcome our 5<sup>th</sup> and final child into this world. Our other children are 13 (8<sup>th</sup> grade), 11 (6<sup>th</sup> grade), 3 and 18 months. We currently have 2 boys and 2 girls so we are anxious to see which way this child tips our family ☺ We also have two (very large) dogs at home that keep us busy! People question my sanity with having 5 children and honestly, I wouldn't be able to do it without my parents' and in-laws' support.

## My Childhood!

I am the youngest of two children and reside 3 miles away from the house where I grew up (and where my parents still live). My brother, who is 19 months older than me, now lives in Alabama after living in Maryland until February, 2015. Growing up, I always knew that I wanted to be a teacher, but it wasn't until I had a terrible math teacher in middle school that I decided I wanted to teach middle school Math.

## My Education!

I am an AACPS graduate, specifically, Arundel High School. From there, I earned my BS in Elementary Education from Baldwin Wallace College in Berea, Ohio. I went on to get my Master's in Middle School Math Education from UMBC and finally obtained my Administrative Certificate from McDaniel College. As a way of being a more reflective educator, I earned my National Board Certification in 2008 and will be pursuing my renewal this year! Wish me luck ☺
